

Department of Economics

X-HEC ECONOMIC POLICY SEMINAR

Speaker: **Thomas Sterner**
President of the EAERE

TITLE : “ **Climate and Poverty Alleviation: Time for a Truly Global Deal**”

Professor of Environmental Economics
University of Gothenburg, Sweden

Friday, October 9, 2009

AMPHITHEATRE BECQUEREL

16.30 pm to 17.30 pm

Thomas Sterner's main research interests lie in the design of policy instruments. He has studied a number of different applications ranging from energy and climate, through natural resource management such as fisheries to issues relating to industrial and transport pollution. Sterner was recently invited speaker at the Interparliamentary conference at the Swedish Parliament in Stockholm 6-7 September 2009: The Economics of Climate Change and Sustainable Public Finances, where he spoke on *The Design of Policy Instruments for a Climate Policy in a Changing and Diversified World*.
