

Séminaire Laurent Schwartz

EDP et applications

François Golse (*École Polytechnique*)
Frank Merle (*Université Cergy-Pontoise & IHÉS*)

Mardi 12 décembre 2017

École polytechnique – Salle de conférences du CMLS

11h00 – *Zhao LIFENG* (*University of Science and Technology of China, IHÉS*)

"Asymptotic behaviors for nonlinear dispersive equations with damping or dissipative terms"

14h00 – *Kazuo AOKI* (*National Cheng Kung University*)

"Shock-wave structure for a polyatomic gas with large bulk viscosity based on kinetic theory"
