

Assistant Professor Position

Experimental Plasma Physics

University of California, Irvine

The Department of Physics & Astronomy at the Irvine campus of the University of California invites applications for a tenure-track Assistant Professor position in experimental plasma physics. Energy related specialties are preferred. The position requires both the establishment of a vigorous research program and a strong commitment to teaching at the undergraduate and graduate levels. Candidates should upload a curriculum vitae, bibliography, short description of current research activities, and a list of potential referees at the UCI RECRUIT website: <https://recruit.ap.uci.edu>. Review of applications will begin December 26, 2014 and will continue until the position is filled. For further information please visit <http://www.physics.uci.edu> or contact the chair of the search committee, Bill Heidbrink (Bill.Heidbrink@uci.edu).

The University of California, Irvine is an equal opportunity employer committed to excellence through diversity and strongly encourages applications from all qualified applicants, including women and minorities. UCI is responsive to the needs of dual career couples, is dedicated to work-life balance through an array of family-friendly policies, and is the recipient of an NSF ADVANCE Award for gender equity.
