

The productions are given per type:

- publications in refereed international journals [PUB],
- proceedings published in special issues of refereed international journals [PUB-SI],
- other proceedings [ACT],
- books or book chapters [BOOK],
- [OTH] for any other written production,

then per chronological order and finally per alphabetic order.

LULI lab members are shown in bold. Only written contributions with at least one LULI lab member are listed. The scientific production of LULI lab members before their arrival is not given here.

For any proceeding, the corresponding conference is given between square brackets, as well as the nature of the paper if the presenter is a LULI lab member.

Research team membership is illustrated thanks to a colored square through the following code: ■ ILP, ■ LUCIA, ■ PAPD, ■ PHYHDEL, ■ SPRINT, ■ TIPS and ■ any technical group. When the square is replaced by a disk, the pdf file of the paper will not be available.

Icons illustrate papers that were put on journal front covers or identified as research highlights.

Grey inputs for years 2008-2012 are not included on ISI Web of Science.
